Episode 1: Strategy Meeting?

After I raped the elf queen Olivia, we returned to Forza Command castle.

By the way, the Elf Queen has been called the Saintess up until now.

Before we invaded the elf forest, the country was governed with an overwhelming charisma.

Her mana is too powerful that it won't lose to charisma, her character as a queen would've been complete.

Well, in the end she has degraded from a tentacle attack lover to just a bitch as a result.

Making the saintess fall, the treasures I have so far is now four.

Eunice's crystal, Elena Ria's Avar Bain, Shizuku's future mirror and Olivia's silver bow.

If I'm able to capture the celestial maiden then I'd go to the place where the goddess is afterwards.

The road that I will advance is just a bit more.

We already entered the final stage.

So to talk about the next plan, I was waiting for Aisha but—

「Ryuu, I'm entering」

With the sound of a knock, I heard Aisha's familiar voice.

Just the right time.

「Yeah. I was waiting. Enter」

Saying so, Aisha opened the door and stepped in the room.

Then she sat on the chair next to me, she purposely brought the chair.

「Did I make you wait?」

Then, Aisha next to me asked.

On the other hand, I waved my hand to tell her not to mind it.

「I was just recalling the elf forest. I didn't wait. I was worried because you were a bit slow」

「Fufu, as expected of Ryu. You can understand a woman's heart」

「I'm honored to be told that by Aisha」

We made a light exchange but the comfort isn't bad.

Surely there's some sense of security from someone I'm used to work together and have mutual trust.

Coming up to here, the contract with Aisha will be accomplished.

Firing up, let's defeat the goddess of this world.

「How should we do the next attack?」

I immediately talked to Aisha about the strategy.

I like having not much excess collusion than needed.

「Tell me a bit about the place where the celestial maiden is」

「Okay」

Though I remember hearing about the celestial maiden, I haven't been given detailed information yet.

Me who transferred into this world don't have much knowledge in here.

In that sense, Aisha's presence can also be called a lifeline.

She has the details of the queens after all.

「The celestial maiden is ruling the city floating in the sky」

「As expected of a Celestial maiden's name, the city is even in the sky」

I've already experienced fantasy greatly up to now but it now comes to the city floating in the air?

Though I heard it from the talk, it has become fun now.

And it seems that the opponent is lacking.

「The sky city is a city-state from it's name it seems」

「Yes, it's expected to have less population than the queens on the

ground」

Aisha answered my question.

「Then, does the sky city have some weapons?」

「No, I don't think it is」

「Then, there should be no worries attacking it from the other side」

Should we do the usual side attack?

The other queens became desperate and when you count that we're invading a unprotected sky city, it would be easy.

「When it comes to it, then there should be no worries on invasion method」

「The sky city has a special gate connected somewhere on the ground. I don't know where it is though...」

「I see, as expected there seems to be no defect in design from being able to go in and out when they can fly in the air」

If it is so, then we would be able to advance easily.

Though we don't know the place of the gate, I already have ruled the queens on the ground.

If I use their power, we should be able to search for the gate leading to the sky city.

In the same way, the sky city should also be found.

No matter how much power that Queen has, It has become impossible to conceal the sky city floating from the ground.

Now that I've heard about it, I can work out on a detailed strategy.

「Leave the location for me to think, let's talk about the others」

「Got it, what's next then?」

「The strategy to capture the sky city. Let's go simple this time」

「Simple...what do you mean?」

She asked me with great curiosity glance

「First, we will warp to the sky castle then immediately go to the sky castle」

「The long distance warp in the area of the sky castle may not be possible though」

Does the celestial maiden has some kind of interference.

The possibility can't be ruled out.

「Then, we would continuously short warp just like the time at Japoneru」

「That's true. There seems to be no problems then」

It won't have any problem with it anymore because there are measures.

「Arriving at the sky castle, we could climb it. Perhaps, the guards will come out there」

「Yes, it'll be a fight when it comes to it」

「But, with Eunice's demon army and Elena Ria's knight troops then there should be no problem then. We already kick in numerical advantage」

For one country, we will invade with strength of two countries.

Since the soldiers on the other side would be women, I'll just use charm cheat when it comes to it.

Also, I think the power of the demon army and the knight troops would be enough As long as the Celestial maiden doesn't have absolute military power, I won't lose.

「If something happened that's out of expectations, we'll just adapt to the situation」

As long as there's magic, you'd be able to solve most things.

Also, the queens with the Celestial maiden as the exception are on my palms.

Though the match is already decided coming up top here, getting

cautious won't hurt.

「You have any other questions?」

Since I finished talking about my strategy, I asked Aisha.

「It's fine. I hope that it all goes well」

「Of course. We have gathered the treasures steadily without problems up until now. The next one should be fine too」

I nodded lightly while affirming it.

「Should we tell everyone right away?」

Aisha tilted her head a bit.

「No, before that—」

Before I spoke out, there was a sound of the door being knocked.

The timing is good for everyone to be gathered.

There should be no problem if we can capture the celestial maiden in this manner too but.

「Enter」

Someone called me out from outside the door.

「Excuse me. Ryuu-sama」

「I'm sorry for butting in the middle of the talk. Master」

Entering the room was Succubus Melia and the female butler Seria.

「We have completed the preparations. It seems that you were talking about something so we will come back when you have finished」

Seria said when she saw me and Aisha, and tried to go out of the room bowing.

「Wait, you already have it prepared?」

I spoke to hold them back.

The two people who tried to go out of the room turned back.

「Yes. Everybody is already waiting」

「Got it, we just finished talking...the strategy meeting had ended. Let's go there」

「Acknowledged. Then we will accompany you」

Coming with Seria to guide us, Melia said so.

Melia and Seria guided us to the place and I stood up from my seat.

「What do you intend to do...?」

Hearing Melia's words, Aisha asked suspiciously.

Speaking of which, I haven't told Aisha.

「The harem sex with the queens I collected as partner」

「...Harem sex?」

「Yeah. After coming back from Forza command, everyone is asking to have sex with me」

Coming out of the room, as I walk out the hall I use to walk to, I append what's on my mind.

「I might as well do all of them at once. So I thought of doing an orgy. Looks interesting right?」

I can do harem play no matter how many times.

「...Got it. Take care」

Aisha said it while sighing.

I didn't hide it in particular but it seems that she's unsatisfied.

Did I make a mistake?

「My bad for not telling you so I'll make up this time」

「Oh, do I seem unsatisfied?」

「Clearly. That's why this is my dependability」

Saying that, Aisha's mood seems to have improved.

Then, I finally left the room.

Aisha had seen us off the room and I faced the destination and walked

in the hallway.

As the castle is as wide as ever, we had walked a few minutes to get to the destination.

Then, the two people had turned towards me when we arrived.

「Master, it's here. Please enter」

It seems that the queens are waiting inside the room.

Seria knocked the door and opened it.

Seeing the door gradually open, I'm anticipating what kind of play we will do.

Episode 2: Servant's double paizuri

Seria who opened the door guided me to the other side.

The queens are already in the room.

What's inside is Eunice, Elena Ria, Shizuku, and Olivia.

It seems that the room I'm guided to is the preparation room.

I can see everyone of them feeling at home.

Noticing that I came in, all of them have their eyes shining.

「Wait bitches. I'm going to do all of you later so behave for now」

Saying that, the queens who are about to jump out withdrawn.

It might be good to entertain them before it's too late.

If their libido goes more than this they might explode.

It's good if it's in this castle but they might not be able to bear attacking me while invading the sky city.

「Then, Ryuu-sama will make preparations too」

Melia says while showing the inside of the room.

「Yeah. Got it」

Though I don't know what I need to prepare, I just answered.

If Seria said it, then there's no problem to leave it to her.

I crossed the room and headed towards the back of the room.

Turning around, Melia seems to be following from behind too.

「I'll open it」

I spoke to Seria when I arrived at the door.

If they have prepared something beforehand, it'll be troublesome if the anticipation goes down.

「Please come in」

Hearing Seria's words, I opened the door and entered.

Then, I looked around the room.

Somehow I feel the humidity and temperature is high.

Still, the glass door seems to be cloudy inside.

Is the other side a bathroom?

「I will also accompany you in bath. Or, would Master prefer to be alone...?」

It seems that it's correct.

Seria asked me shyly.

Even so, this girl doesn't remove her politeness.

This means that the gap when she's in disorder is great.

「I don't mind you accompanying me」

I answered while taking off my clothes.

Now that I'm not bathing alone It would be interesting 「I'm going to enter first」

「Understood. Ryuu-sama」

「I'm also going to join immediately. Master」

I entered the bathroom first and sat down on the chair.

Seria and Melia appeared next to me immediately.

I looked towards them.

That reminds me, Seria is the one that looks thinner in clothes.

Her big breast that's hidden in her clothes are exposed in front of me.

「Please don't look only at Seria」

I glanced to Melia when she spoke.

Melia has a big thing that won't lose to Seria.

The wings and tail that's specific to succubus has a nice accent.

「Then, Ryuu-sama. We will wash you」

「Please relax without reserve」

Melia and Seria said that, they kneeled near me with soap on their hands.

Then, they began to apply the soap with their own body.

「We will wash using our bodies, Ryuu-sama」

「Yeah, wash every nook and corner」

The queens are waiting but this situation is charming.

The girls may be at fault but I allowed them to enjoy this.

「Then, I'll be doing the right arm」

First, Seria has scrubbed my body from the side.

My arm is being jostled by the soft skin.

The two bulges in Seria's chest has it's form felt by me.

「I'll also be washing here」

Melia goes on the other side of Seria, the soap has made my body slimy.

From the left arm, I can feel a munyu munyu feeling.

The two of them are washing my arm using their cleavage.

「Master, we will also wash the front too」

Seria says as she had turned her naked body filled with bubbles.

「I'm going to wash the front too」

Somehow, for some reason Melia falls behind every time, is her compatibility with Seria bad?

...That doesn't matter but.

The two of them scrubs my body with all their might.

But it's a bit hard to wash me since I'm sitting on the chair.

「I'll stand to make it easier to wash. Stop for a moment」

I had the two of them stop washing and I stood up.

「This is fine, resume」

「Yes. Master」

They began to move again just as I told them.

It seems that they have finished washing the upper body, the two of them moved down little by little.

Then,

「We will wash here carefully」

Seria buried the penis in her huge breast because my penis is already half erect from the service.

「Then, I'm going to do it from the other side」

Seria from the right, had formed a shape with the penis that's sandwiched from the chest of Melia from the left.

I'm not moving on my own but the two's breasts are wet with soap so the penis rubs naturally.

The glans of my penis sticks out from between the rich twin hills of the two, it got even bigger.

「It got bigger...Master is splendid as expected」

「Being this thick, it seems it'll let out a lot of semen」

The two are admiring the erect cock of mine.

Those eyes are completely wet with lust.

It ended not just with bathing as expected.

「Your master has plans after this. If you want to then you should start to do it quickly」

It may be bad to keep the queens waiting.

Of course I'm enjoying the service of these two.

「...Understood, Master」

「Then, we're going to squeeze it...」

The two pushed their breast to the penis using both of their hands and began to move up and down.

The two soft flesh wraps and rubs the dick from all directions.

Do they feel it from the strong pressure on their chest? The pressure from the sandwiched penis goes up.

But, I won't reach ejaculation with just this.

「N, ahn...how is it? Ryu-sama...?」

「It's not but but I feel that it's lacking...」

「Then...」

Saying that, Melia adjusted her nipples to make it hit my dick.

Seria did the same thing.

Since both are attendant of the queen, I can guess that their atmosphere is good.

「Then, this is quite good...」

Though it feels pleasant just being sandwiched, the occasional hitting of the nipple creates a stimulation.

When there is strength the pleasure increases.

The four sanding firm nipples stimulate my penis one after another.

「Hii...fuun, aaahn...! Master!」

「T-This...is our...Hyuun!」

They're raising quite a lovely voice of climax too early Perhaps they're in heat all the time while washing my body.

「My nipples feel too good...I'm about to...」

「Ryu-sama...Me too」

The two of them are getting closer to climaxing that they accelerated their paizuri.

As the four breasts rub the penis, a wet sound echoes.

Mixing it with the lovely voice of the two, it makes me excited.

Enjoying the W paizuri, I heard a desperate voice from below.

「Nnnnah, Kuun! RYuu-sama... No more...」

「AhN~ Master...! I can't endure it anymore...Aaaahn~!」

The two seems to have reached their limits.

The two of them seems to be worked up from serving me.

I seem to be able to ejaculate immediately.

「Good, cum, both of you!」

When I said so, the two of them had their body convulsing and stiffened.

Then,

「Masteer...Cum...Cumming! Aaaaaaahn~!」

「Me too...fuaun! Cummmiiing!」

Both had an ecstatic expression as they climax.

I ejaculated right after the two climaxed.

The semen was shot between the chest and they were dyed white.

「Haa...haa...we washed it with troubles yet...」

「...We should be cleaning this again, Ryuu-sama」

The eyes of the two still hadn't had their excitement settled down.

I will make the queens wait but let's enjoy the bathroom a bit more.

Episode 3: Servant's double doggystyle

Melia and Seria's double paizuri ended.

「...We have to wash you again Master」

Seria said while wiping the sperm on her face with her finger.

「No, it's okay if it's this light」

Then I continued to look at the two

「Rather than that, I don't intend to stop yet」

It would be just a waste of time to wash.

Saying that, I can just use magic to clean it.

Still, being sandwiched on the breasts with good volume is great.

That's why, I'll play with them a bit more.

「That was quite a good service. I'll give your reward before the queens」

「...Reward?」

Melia asked.

「That's right, Reward」

Though they can be said as appetizers before the queen but I enjoy something that can be enjoyed at any time.

Let's start immediately.

「The two of you stand on all fours」

I pointed at the bathtub

「Yes...」

「As Master has commanded...」

Melia and Seria put their hands on the edge of the bathtub.

Then, they exposed their groins as they're on all fours.

「Ryuu-sama. Please do me first」

「No, please put it in to me first. Master」

Coming this far, it seems that they know what will happen.

When I say reward in this place, I guess it'll be the only thing they'll conclude.

Well, It's right.

「Then I'm going in Melia first」

I was wondering who should I fuck first but I moved immediately when I made my decision.

I moved to the direction of the impatient Melia and inserted my penis.

「Fuuuun...! It's coming in...」

Getting pleased with my reward, Melia's vagina tightened firmly around my penis.

「Please put it inside me too. Masteeer...」

Seria that's next to us begged for my penis.

Seeing her getting inserted closely, it seems that she can't endure it anymore.

She's shaking her ass to tempt me.

「You can't endure it that much, Seria?」

「Y-Yes...My head is going crazy」

「What a hopeless girl」

Saying that, I pulled my dick from Melia and vigorously stabbed Seria's inside.

Seria had her body tremble from the pleasure of my penis that had entered her.

Her vagina tightens stronger than Melia.

She never knew men until recently.

That said, it doesn't mean that Melia is inferior, rather the sticky feeling

on my penis is intolerable.

「N...Haaahn~! Suddenly...that's...doing it all at once...!」

「What's wrong? Isn't it the reward you're wishing for? Shouldn't you be pleased?」

Confirming that I went in the innermost part of Seria, I began to piston at high speed.

「Ahn, Aaaahn! Fast...wait...please go slowly...!」

But, I continue to nail her rhythmically from the back.

After coming this far, there's no way I'd listen to you telling me to go slow?

Besides, this is a reward for two.

Even if they're complaining, if they seem to be pleased then I'd do it more.

Then, I felt the glance of Melia that's filled with greed.

「What's wrong Melia? If you have something to say then speak without hesitation」

「More, I want Ryuu-sama to put it in too...!」

「Yeah, got it. Very well」

To answer her demand, I pulled out my dick from Seria's honey pot and entered Melia again.

「Aaaaa! It came again...」

Feeling it swallowed deeper without permission, the penis is drawn into Melia.

That's a succubus pussy, it's holding it fast deep by itself.

「.....」

Seria sent a glance to express her dissatisfaction for having the dick pulled out of her.

Hey, Seria, don't look with such eyes.

I only have one body so I can't have sex with both of you at the same time.

Still, I feel that these two has collected a lot of lust recently.

I feel that they're really hungry for my dick today.

「Ryuu-sama...what's wrong?」

Melia asked me.

It seems my movement has become dull because I was lost in thought.

I of all people being said such a thing.

「No, there's no problem. I was just thinking. This is the real thing」

I have to be enthusiastic in this reward.

I thrust my dick with all my might.

「Aaaaaagn! Deeep, Ryuu-samaaa...!」

Melia's pussy is accepting the powerful piston that it tightens the penis.

The vagina that's full of ups and downs and love nectar is strongly stimulating me.

It's moving exactly to extract semen.

「Very good Melia, as expected of you」

Saying that, I felt that her vagina had tightened even more as she was praised.

The penis' pleasure has increased.

「E-even I can make Master feel good too!」

Saying that, Seria is now the one shaking her ass and showing her vagina.

The competition of the two for the penis has escalated.

I welcome it because I am enjoying this.

Answering her temptations, I pulled out my dick from Melia and put it inside Seria.

Then, I began to piston immediately.

「Hiii! Intense, It's too intense, Master!」

「You're giving up with just this? Then I'll cum inside Melia」

Hearing that, Seria shook her head.

「N-Noo, I want Master's semen!」

「Then, do your best and tighten」

Then, I made the piston even more violent.

The sound of banging echoes in the bathroom.

「Na, Haa, Ryuu-sama, you can use me anytime you know」

This time it's Melia who invites me by spreading her vagina.

Her vagina is twitching.

If I put it in there it would feel fucking good that there's no need to imagine.

I put my dick inside Melia as I can't endure.

「Fuu, it really feels good」

Just as it looks, my penis embraced by the wriggling vagina would make me cum at any moment.

「Saying that makes me happy」

「But, do you think you can easily win against Seria because you're a succubus?」

I powerfully pierced the depths of Melia.

「Hyaaaau! That's no goooood!」

Since I'm with her longer than I'm with Seria, I know her various weak points.

It's another one of her weakness when she's attack on the depths.

「Your feet is trembling Melia, are Succubus like this?」

「Because, Ryuu-sama's coooock! Hiin, don't do me so deep again!」

Melia desperately endured though her foot is trembling.

I feel good to lead such a succubus.

I kept doing the two of them alternately.

But, doing it also takes too much time.

I can't make the queens to wait too much.

At that time, I inserted my penis alternately and felt the change in the two's vagina.

Both are about to reach climax soon.

That said, I can't choose to cum inside only one of them.

Then, I'll splash it over the two of them in the end.

「I'm about to cum」

Melia and Seria immediately reacted.

「Please let it out...! In us!」

「Please give us lots of Master's semen!」

「Okay, I'll let it out, line up!」

I lined them up and pressed in their sticking out buttocks.

I pulled out my penis and ejaculated on the back of the two.

「Hot...Nnnnnnn! Ahn...hyaaaaauuuun!」

「Auuuu, Aaaaaa! Cumiiiiiiiiingngg!」

Melia and Seria reached climax while being painted with semen.

It feels nice to see two beautiful women being wet with my semen.

Both of them trembled for a while as they taste the pleasure but they fall down on the bathroom floor while gasping.

「Ha, Fuun...As expected, sex with Ryuu-sama is amazing...」

「Haahau...It felt good...Master, thank you for the reward...」

Both of them gave their words of gratitude.

They don't forget to give courtesy even in this state, both are really servants.

「Then, I'm going to the queens already」

I left the two who can't even stand and went to the next place.

Now, how will the Queens delight me?

Episode 4: Harem Sex with the Queens 1

After I did Melia and Seria from the back, I came back to the dressing room.

I removed the dirt from when I did the two of them using magic.

Is there a meaning to bath if you can clean your clothes with magic? But it's precisely because it's possible in the bath./

It's a situation dependent thing.

Well, that doesn't matter.

The thing in the bath was just an appetizer.

「...Now then, let's go to the main dish.」

I put my hand on the door knob of the dressing room.

I'm not wearing any clothes.

I'll just take it off after coming.

Then, I opened the door energetically.

Then I opened the door, the four nude queens are already waiting.

「Onii-san! Let's do it already!」

「I'm already tired of waiting. My king」

「I want you to violate me right now...」

「You came. Let's begin already」

The queens waiting for me in the room are Eunice, Elena Ria, Shizuku and Olivia, each of them said that they were waiting.

Certainly, I had stayed in the bathroom for a bit long.

This girls probably are looking forward to the Harem Sex that's about to begin.

「I made you wait. Should we begin?」

I'll do them until they're satisfied.

Of course, until I'm satisfied too.

「But it might be too much to do all four of us at the same time... Let's see...Let's do it by twos」

「How should we group?」

Shizuku asked.

「First would be Shizuku and Olivia」

「Understood」

「That's wonderful」

When I talked to Shizuku and Olivia,

「Why. Why not us first?」

Eunice asked.

「The more you're willing to wait the better the recoil is. Wait for a bit」

It might be a slight excuse.

Well, the feeling of being buried on four women bodies isn't bad either.

I will firmly taste all of them.

「Nn~...Got it」

「What about Elena Ria?」

「Of course」

Now then, let's go with Shizuku and Olivia first.

「...You're going to dress me like a dog again?」

Olivia's eyes seems to be expecting something.

Speaking of which, we did a play using a dog ears and tail.

Olivia who can't be satisfied by normal means seems to be addicted in dog play.

But, that's the end.

「No, there's no ear nor tails today」

「W-why?」

「I'm tired already」

If we do that play all the time, the freshness would disappear.

Doing different every time is the essence so it'll only be occasional.

「Umu...I see」

「That's how it is. It's not that I'm tired of you so don't mind it」

Olivia looks disappointed but she nodded on my follow-up.

「Still not yet? Please fuck me already」

Unable to endure the talk, Shizuku came to interrupt from the side.

Still, her behavior is interesting.

Compared to when I first met her, she's now a completely splendid slut.

It's a suitable member of my Harem.

「Right, the talk has become long」

It's useless to talk here so I'm going to enjoy the bodies of the queens.

「Come here」

They're already naked so their rich chests bounced.

「Shizuku will be the first one, come to me」

I said and lied down on the huge bed.

It seems that it can accommodate five people at the same time but the limit for having sex freely would be three people.

「Yes, with pleasure!」

Shizuku feels glad as she can have sex with me.

Her cuteness corresponds to her age if you look at her but that's it.

「Then, I'm going to take in the penis immediately」

Saying that, Shizuku held the penis with her hand and put it inside her vagina.

Even her appearance is clean, her inside is a big pervert.

「Naaaa, A penis after a long wait is amazing! I'm going crazy already!」

「Hey hey, you just put it in」

Saying that, Olivia drawn her body into me.

「It can't be helped, it's been a while since we had sex」

「Olivia too?」

I asked her while rubbing her chest.

She answered while having her chest is being massaged.

「That's right, I'm already wet just thinking of you putting it in」

「I'll do you a lot after Shizuku」

Shizuku shakes her waist greatly while I was talking to Olivia.

「Ahii, nn, Nnn!」

Her expression is melting away, she can't be called the same person as her usual.

But, this Shizuku is the real one.

There's no grace as a Shrine maiden that protected the treasure.

「You've become quite skillful, do a bit more and I'll ejaculate」

Saying that, Shizuku's eyes sparkled.

「Is that true? I can finally get Ryuu-sama's semen!?!」

「Yeah, that's why move your waist more」

「Yes! I'll make Ryuu-sama feel good, please ejaculate a lot!」

Thanks to her weight helping the piston, my dick easily reaches her womb.

But, that's good too that Shizuku grinded her waist even further.

「Ku, the stimulation...」

I accepted the sensation of Shizuku's daring movement of waist and the

arousal increased.

「Fuaa, fuuuu! Penis is going too deep, I'm about to cum!」

「You're the one doing it. But, me too...」

I who was about to reach the limit begins to move my own waist too.

「Ahyaaa! The penis under is thrusting and piercing meeeee!」

It became a trigger, Shizuku's vagina tightened as if squeezing semen out of my penis.

「Not yet, just a bit more...」

I began my last spurt to ejaculate too.

「Hiiii! Cum, I'm cumming! The penis is poking and making me crazyyyyyy!!」

「Cumming, Shizuku!」

「Hahiii! Pwease rewease Ryuu-shama's shemen inshiiideee!!」

I ejaculated the sexual feeling I endured.

「Inside, Something hot is coming inside! Cumming, Cumming agaiiin!」

Shizuku trembled from the climax.

I supported her body and laid her down on the bed.

「Now, next would be me」

Turning around, Olivia had been waiting 「I want you to do me as much as I waited」

The Saintess that's filled with air of superiority from our first meeting is looking at me with enticing eyes.

That feels great.

「Okay, Olivia would lie down on the bed sideways」

「...Like this?」

「That's right, and I'll do this」

I lifted one of Olivia's legs and put it over my shoulder.

The vagina is completely exposed this way.

「We'll get different pleasure from usual if I do you in this position」

Saying that, my penis that won't calm down went inside Olivia's pussy.

「Ngi! The penis came all the way inside suddenly!」

「This, the feel from the inside is different from the usual...」

「Au, the penis is different from the usual?」

That's right, since the insertion posture from missionary and doggy style is ninety degrees, the pleasure from this direction can be usually felt.

「Aaffuun! Also, it's deeper than usual!?!」

The posture where I'm holding her feet makes the penis go in deeper.

Olivia shakes her waist and it feels quite pleasant.

Her charming breasts shake every time I strike her waist.

「How's it, Olivia? What do you think about this new position?」

「I-It feels too good that I can't think of anything else!」

Olivia's vagina convulsed just as she described.

It's hard to play with this vagina. I have another Idea.

I stared at the huge breast of Olivia that she's in front of me.

「That's right, I wonder if it feels good when you're attacked here too」

I stretched my hand on Olivia's breast.

「Ahn~ Fu, I'm feeling it when you're playing with my breasts!」

Her big breasts is beyond imagination.

Then, I attacked her by fiddling the nipple that's on the top of the mountain.

「Ahn~ This is impossible! I'm cumming!」

「What a hopeless girl. Then at least we cum together」

I moved my waist violently to get pleasure.

I moved selfishly without minding Olivia and the sexual feeling rises.

But, unable to bear it, Olivia lost.

「Ah, Ah, Cumming! I'm cumming from the penis poking me!」

「I'm cumming too! I'm going to pour it inside!」

In the end, I thrust in my penis inside Olivia's vagina at full force.

Then, I ejaculated while rubbing the penis in her womb.

「Higuu, the semen is flowing into my womb!! Cumming, Cumiiing, cumming, cumiiiiin!」

I poured semen inside Olivia on the last minute, getting up while breathing roughly.

Now, that's half. There's still two of them The harem sex with the queens still on the half.

Episode 5: Harem sex with the Queens 2

Sending a sidelong glance on Shizuku and Olivia who lost their strength, I faced the remaining two.

「I kept you waiting, Eunice, Elena Ria. It's your turn this time...Hey」

Getting off the bed and turning around, I saw Eunice violating Elena Ria.

It seems that they can't wait and started already.

A familiar penis had already grown between Eunice's crotch and it's piercing Elena Ria's anus.

「Nhaa! This is amazing! Who feels it better, you or Shizuku?」

「Don't ask me such things, Uhiiiiiii!」

They're quite aroused it seems.

I can just look at the two of them have sex but I won't be satisfied until I fucked them all.

In this case, I can choose to break in and sandwich Eunice or sandwich Elena Ria.

Then, I chose the later this time.

「I'm joining in」

I approached quickly, stood in front of Elena Ria and violated Eunice from behind.

「Ah, Onii-chan! You're done with the two already?」

「M-My king!? This, Eunice attacked me because I was careless...」

Suddenly showing up to them, they had different reactions.

Eunice behaves like it's nothing and Elena Ria makes an excuse in panic.

Both of their characters come out.

「Yeah, the two of them are lying on the bed. Also, Eunice doing this is just a norm of her ability, don't mind it」

To attack and have sex with the user of the sword treasure.

Though she said she's caught by surprise, does this mean that Eunice is a better Queen?

I forgot since she usually doesn't show that kind of atmosphere.

「It seems that you've been enjoying yourselves while I'm not here」

「Ahaha, I got tired of waiting. But, Elena Ria's ass feels quite good. It tightens as I rub it」

Whenever Eunice shakes her waist, Elena Ria reacts instantly.

「Higi! S-Stop it Eunice. 」 In front of my king, guu!」

「Ah, I can't stop my waist!」

Eunice who shakes her waist feeling good and Elena Ria is putting up with it.

However, she seems to be giving room to be violated a little more, does Eunice prioritize giving me pleasure?

「I won't let you go, nfuu!」

「U—, Scary. But, you're just moaning as I thrust your ass right now」

Eunice says to provoke her.

Elena Ria who's blushing deep red answered back.

「S-Shut up! You perverted woman!」

Though she tries to slip away, the pleasure given by Eunice seems to be powerful.

If it's like this then I'll just have my own way too.

「Well, don't get so angry, Elena Ria. In exchange, I'll violate you too」

I approached her while saying so and showed off my penis.

W-wait for a moment, King, I'm being violated by Eunice from the back right now!」

She usually takes my penis in her mouth with pleasure but does she think it that bad?

Then, I want to try it more.

「That's regrettable but I have already decided. Eunice, Help me」

「Fufufu, Got it!」

Eunice who loves tricks easily agreed to my proposal.

「Really, please wait, King! If you put it in right now...!」

「Now, I wonder what will happen? Would you show me?」

「.....!」

Eunice held Elena Ria's hand to make sure she can't resist.

I lift her waist and inserted my penis in her vagina.

「Ku, aaaaaaa!」

Elena Ria leaks out a voice of agony for her first time double penetration.

「Don't worry, that voice will change into gasping immediately. Let's go, Eunice」

「Un!」

We match our timing and pushed up Elena Ria.

「O, Hoooooooo!?!」

It seems that the pain have turned into pleasure from the first stroke somehow or another.

「You look amazing, Elena Ria. Are you really glad that I'm in the front?」

「Hii, Hii, Ryuu-samaa...」

Eunice had removed her restraint on Elena Ria who completely fell for pleasure, she clings into my shoulders.

It feels thrilling to see the expression of the girl clinging to me.

「Very well, show it more」

Saying that, I began to swing my waist again.

Eunice also matched it.

「Agiiiiiii! A penis on both of my pussy and ass! My insides are being crushed!」

Elena Ria's lovely voice becomes the BGM of the swinging waist and I can feel Eunice's penis moving between the wall of flesh.

Since Eunice's dick is quite something, It makes a sense of oppression for Elena Ria.

But, I compensate that and give the pleasure of domination to her.

「Being violated from both sides, No, Cumming! I'm cumming already!」

「Show me how you cum magnificently」

Eunice and I increased the speed of the piston.

As her love nectar leaks in large quantities and stained her legs, Elena Ria had a huge convulsion.

「Cum, Cumming, Cumming! I'm cumming from my ass and pussy!」

「Uu, it's tight」

Did her anus tighten from the climax too? Eunice looks like she's feeling good.

「You can't rest yet. You'll going to squeeze semen out of us」

「U, Un」

Elena Ria's voice was heard when we resumed our piston after she climaxed.

「K-King, any more than this and I would break...」

She said that but we're not satisfied yet.

That's why I ignored that plea and continued to piston.

「Uuuu! K-King! Ryuu-sama!」

When I pushed up her womb instead of answering, she changed it to a lovely voice at once.

「n, haahaa, Onii-chan, I'm at my limit too...」

Eunice is the one who appealed this time.

「Yeah, right. Me too. We'll go pour our semen inside Elena Ria with all our might in the end」

「Un, got it!」

We matched our timing and pierced the deepest part of Elena Ria, then ejaculated.

「Ahiiiiiiii! M-My insides are hoooooooooot!」

Elena Ria trembles as she accept both our ejaculation.

「Ah, Cumming! CummingCumming, Cumiiiiiiiing!」

She who received large amounts of semen in her womb and ass wasn't able to endure the heat.

I waited for Elena Ria's climax to calm down and laid down the body along with the two people from a while ago.

「...Uu, K-King...」

「Take a rest for a while」

I told Elena Ria and turned to the last one, Eunice.

「It's finally my turn, Onii-chan!」

She had exposed the terrible foolishness of Elena Ria in front of me, as expected.

There's no slice of hesitation found on her.

「What do you want Eunice? I'll listen if you have a request」

「Really? Yay!」

Eunice was honestly glad.

Well, she showed off herself, I don't hate things like this too.

「Then, doing in front is okay?」

「Oh? You want me to lead? It's not my fault whatever would happen then」

「Ahaha, if anything, I'd like you to make a mess of me」

Eunice said that.

Then, I'll do as you request.

「Lie down...the bed is full, let's go on the desk there」

「Yes, yes, Heave ho! Now, come, Onii-chan」

Eunice who lied down as I told her invites me.

A wet twitching vagina between her feet is wet because of her love nectar.

However, there's no penis that was used to violate Elena Ria's anus a while ago.

It seems that she had removed it already.

「Now then, should we begin?」

I stand before Eunice and placed my dick in her vagina.

Then, I thrust in my waist.

「Kuhaa! Onii-chan is really big!」

With her cheeks blushing in excitement, Eunice still has a room to spare.

I began to swing my waist to make her fall in the cliff of pleasure.

「Nhiii, You're banging your waist! It's really erotic!」

I lifted Eunice's foot and made it look M then I nailed in my waist.

That's why, it's making a dry sound when my waist hits Eunice's ass.

「N, Haa, nn!! Amazing, it's amaziing! Onii-chan's penis is banging my womb!!」

Putting my spirit on the piston, Eunice's composure gradually disappeared.

Her vagina wriggles violently and I can understand how much Eunice feels it.

Since she'd been teased so far, she might've accumulated it.

「No way, I want to feel onii-chan more yet...I'm already going to cum!」

Eunice tells that she's reaching her limit.

I hear it and made a wry face.

「Very well, cum and show it to me. I won't loosen my grip until the last minute」

「Ahn~ Wait, Onii-chan! If you do me that violently...Ah, aaaaa!」

Eunice trembled greatly.

She came lightly.

「That's the spirit, Eunice. Cum more」

The tightening vagina urges to be excavated.

Of course, I don't worry about being attacked by pleasure.

I'm only thinking about violating Eunice right now.

「You don't feel embarrassed that you're tightening my thing?」

「B-because, onii-chan's penis pierces me I can't endure it! Agii! Cumming again!」

Eunice had her face crumple in climax.

The sexual feeling from me rises too.

「I'm about to cum soon. Where do you want it?」

「Inside my womb! I want Onii-chan's semen in the innermost part!」

Eunice answered immediately.

「Very well, don't faint until then」

I shake my waist to reach the climax.

It was a egoistic movement, Still, it seems that I'm giving Eunice too much pleasure right now.

「Ah, ooooo! Impossible, Cum, cummmiiiing!」

Eunice cums as I shake my waist.

Her vagina shuts tight and I reached my limit.

「Cumming, Eunice」

「Au! Come, Come, Coomee! Pour in your semeeeeeeen!!」

I drive my last thrust inside Eunice's womb and ejaculated.

Byuku, Byubyrurururu!

「Hii, Ooohooooo!!」

Looking at her, Eunice's eyes turned white.

I was satisfied seeing that and pulled out my penis.

Then, I also carried Eunice to lay down on the bed.

The queens are lying down in in a row like a heap of corpses, all of their vaginas have semen flowing backwards.

「Fuu, doing it like this should be fine」

All of them are lying down with a smile on their face, it seems that they're satisfied.

I lowered my waist on the nearby chair and enjoyed the aftertaste of the orgy for a while.

Episode 6: Aisha's doggy style

After I have finished the four Queens, I left the recovery to Seria and Melia and returned to my room.

Though I was a bit in loss since there's no guide, I still managed to reach my own room somehow.

「Fuu, doing four at the same time and they're all queens, it's quite tiresome」

I use much more than the usual stamina if the charming queens are my partner.

When I entered the room, I unconsciously stopped walking.

「You, why are you still here?」

「Oh, I'm going to ask you back, why I can't be here?」

Surprisingly, Aisha is still in the room.

She's sitting on the chair, drinking tea elegantly.

「No, you can suit yourself. But, you're here all the while?」

I think it's been several hours since I left the room.

「Right. By the way, it seems that you've enjoyed yourself with the queens」

Oh, could she be jealous?

I intended to make a follow up before I went out of the room.

Looking at her, Aisha is watching me intently.

Though it seems expressionless, she's angry if you look further.

「...Don't get so angry. There's no way I can leave the Queens on estrus right?」

「I do get that. I'm also a woman after all」

Aisha said, but her mood doesn't seem to be okay.

Her reason and emotion are different I guess.

「It can't be helped」

I approached Aisha and took her hand to stand her up.

「What are you...Kya!」

I threw her down to bed just like that.

「W-wait Ryu! What are you doing!?!」

The panicking Aisha fell down.

「If you keep looking sulky then I thought of making you gasp hard」

Aisha's face reddened.

「That's unfair! Saying something like that」

「But, you don't seem to hate it」

She resisted momentarily when I threw her down but she stopped when she heard my words.

Though there are a lot coming out of her mouth, she's not hateful from the bottom of her heart.

「Because, I don't think having sex with Ryu is bad. That's why I'm telling you that you're unfair」

Saying that, she stopped putting power from the hand stopping my arm.

Confirming that Aisha won't resist, I try to take off her clothes.

「Wait, at least I'll be the one taking off my clothes」

But, Aisha stood up while saying that.

I threw her down again.

「It's man's arousal to take off a woman's cloth. Just be obedient and lie down」

I said while restraining her and took off her clothes piece by piece once again.

「If that's what Ryu says」

Aisha became obedient and let me do it.

Though her clothes are extremely non-existent, it still has a wide margin from being nude.

Aisha's big breasts appeared as I slowly removed her clothes.

The size seems like I'm peeling the skin of a melon.

「Don't look at it so much...」

「What? Embarrassed?」

I think Aisha won't be embarrassed with just this but...

Then, she moved impatiently and spoke out bashfully.

「Being seen by Ryu makes my nipples erect」

「You're...really」

She's really lewd.

Also, I think that the degree is getting extreme recently.

「It gets harder if I do this right?」

I licked the exposed nipples.

「n, Au...that's, going to get hard immediately」

Aisha raise a seductive voice.

That's right, this is much more like you.

「Haahaa, I also have to prepare Ryu」

While I was caressing her nipples, Aisha got up.

Then she sunk her head between the cross-legged me.

「I can see that it's hard even from the top of your clothes. I'll ease it immediately」

Aisha quickly took of my clothes while saying and kissed the exposed penis.

「Chu, Rerorero...it's getting even bigger.」

Seeing Aisha's beautiful nude body already made it half erect but it now got fully erect.

Though it's a soft fellatio with no intensity, I get aroused enough if Aisha does it.

There's the sense of security as she's with me from the start.

I feel that I can relax with her more than any other women.

「That's fine already. Get down on all fours and turn your ass towards me」

「Doing me from the back? I'm glad. Are you going to be violent like a beast?」

「I'll make you release a gasping voice from your mouth right away」

I put my erect penis on the entrance of her vagina and thrust in my waist.

「Ahn, Ukuu! Your big thing is coming in...Aaahn~!」

The penis immediately went inside Aisha.

The penis smoothly inserts her vagina with a powerful swallow.

However, once it went inside, it tightened.

「Very well, As expected of Aisha.」

「Haaa,nnn, does it feel good?」

「Yeah, it fits perfectly into mine. Doing it this way will make me cum soon」

Actually, even if I don't move, Aisha's pussy stimulates my penis.

So, the stimulation is sure enough to make me ejaculate without moving my hips.

「But, that's half-kill...」

Even if I feel good, it won't be a joke for Aisha.

「...Please, move your waist, make me cum with Ryu's cock!」

Being silent for a while, she finally pleaded.

She's breathing roughly, it's already her limit.

「Then, I'll do as you wish」

Just as Aisha wished, I began to shake my waist.

However, I started at max power.

Reaching the depths, my waist is driven until it strike Aisha's ass.

「Ah, Hiin! This is, it's too strong from the start!」

「I'm doing only as you wished. Didn't you tell me to not hold back and make you cum?」

「Because, doing it so suddenly...Ahn~ It feels too good! I'm going to break!」

「I'll fix you if you do. That's why be at ease and cum!」

To make Aisha cum, I further increased the speed of the piston.

Aisha's body trembles from the violent attack.

「Don't, it's impossible already! CumCum, Cummmiiiiiiiiinnnnnggg!!」

Feeling the sign of climax, I nailed my penis towards her womb and finished her.

「Cumming, I'm cumming from Ryuu's diiiiiiiick!!」

Aisha climaxed and her whole body trembles in pleasure.

「Haahaa, T-That was amazing. I thought I would faint...」

Aisha who can't maintain her posture collapsed.

However, only her waist remains.

「Aisha, I still haven't finished yet.」

Saying that, Aisha trembled.

「P-Please wait for a moment. I still have to regain...hii!」

I began to move my waist without waiting for her to finish speaking.

「It's my turn to enjoy it this time」

I moved selfishly without minding Aisha.

I bang my waist greedily and violently, enjoying the feeling of her vagina.

Aisha goes well with me.

I'm moving properly and the stimulation given to my penis is irresistible.

「Ah, Ah, I can't feel my waist!」

If I don't hold her waist it would probably collapse too.

I continued to piston and felt my ejaculation rising.

「I'm about to cum Aisha」

「Nn, Haa! Come! Put Ryu's semen inside me!」

「Yeah, I'm going to fill you up until you're full!」

Not being able to suppress the climax anymore, I cover Aisha.

Then, I played with the clitoris that's been untouched so far.

The moment I touched it, Aisha who said that she had lost the feeling of her waist jumps up.

「A, aaaaaaa! Cumming, cumiiiiing!!」

「Uu!」

Her vagina shuts tightly and stimulates my penis violently.

Then I ejaculated as I can't endure it.

Byuu! Byuubyuurururur!!

Just as I declared, I had filled her womb with a large quantity of semen.

「Haa, haa, Are you satisfied now, Aisha?...Aisha?」

I looked at her as she's not responding, she fainted.

「...Can't be helped」

She's going to catch cold if I leave her like this so I covered her with a blanket.

Then I began to drink the beverage Aisha prepared for me.

Episode 7: The road to the Sky City

Information about the sky city is being gathered while we're taking a brief rest.

There's some found about the floating city among them.

However, the location of the gate which leads to the essential city isn't clear 「I wonder if it will take longer?」

I muttered while looking over the documents gathered in my room.

Still, there's no sign of the queen on the sky city moving even if I'm ruling all the queens on land.

I think they normally should take action as I take down the queens in succession.

「Is she careful or arrogant? Or she doesn't care about the surface?...I can't guess it」

There's only a few number of human who came in and out and the information isn't collected, Aisha doesn't also know the details in the sky city.

It's no joke if we rushed to a trap, I want some detailed information...

「Waiting for information is irritating」

We've been advancing pretty good until now, getting stuck makes me mad.

「...Should I practice magic to kill time?」

The door opened first when I said that and was about to go out of the room.

「Excuse me master!」

「uo!?!」

Since she came in without knocking, they clashed as they can't avoid it.

Though they didn't fall down, it was still dangerous.

Furthermore, another one entered the room.

「Hey Leona! You don't have to hurry...Aah, What did I tell you?」

Yarina was following her.

It ended without becoming a domino accident.

I arranged my clothes and let the two come in.

「Leona, what makes you hurry?」

I talked to them after giving them a seat to calm down.

「Yes, actually, I have obtained information about the gate that leads to the sky city」

「Oh, that's good. I was waiting impatiently here」

Actually, that's the reason I'm going out.

「Then, where is it?」

Yarina is the one who answered the question this time.

「The edge of this continent. That's why the communication was delayed」

「Edge?...」

「Yes, it's on the opposite direction of the Shrine Maiden's country. There's also no human who can warp casually like Ryuu-sama」

「Is that so? It can't be helped」

I always use it so I forgot that it's not easy to use.

「Then, why is this information fast?」

「We used human wave tactics. There's no way to escape with either physical or magic either」

Because it took a country to mobilize, it would be strange if it's not found.

However let's move immediately if the location is found.

「Let's move ahead of time. How are the preparations of the military unit

for capturing the sky city?」

「The demons and the knights have already began preparing. But the number is large so the sortie will be done tomorrow morning」

Leona answered.

It can't be helped as there's a thousand in number after all.

「Then we'll go to that gate. We'll confirm ahead so we can make smooth progress」

「Understood, master. How will you select the personnel?」

「Let's see...Yarina will be the guide, Elena Ria and Olivia should be fine as guard. I'll leave the command and preparation of the capture force to Leona」

「Roger. Then, I'll be calling the two」

Afterwards, the two were added and the four of us headed to the gate at the edge of the continent.

We have reached a miserable country town by warp.

「Is the gate connecting to the Sky City in this place?」

「Yes that's right. It's said that there's a church at the outskirts of the town」

Yarina answered Elena Ria's doubts.

Well, this can't be found in ordinary means.

We advanced while being guided by Yarina.

Then we arrived at the destination which is the church.

「It looks old but it's firmly made. It's much more splendid than the houses on the town」

Just as Olivia said, it looks inappropriate along with the houses on the town a while ago.

I opened the three meter big door and entered.

「You, wait!」

But I was stopped by a voice from the side.

Looking at it, there are two women wearing a nun's habit.

「Don't stop us, we have some business with the church」

「No good, this place is closed to public」

「Is the church off limits? Was there an accident?」

「I can't say that. Anyway, go back」

The girls are stubborn

「...Don't be absurd. Elena Ria」

「Acknowledged」

Elena Ria who's behind me immediately dashed out and the two were knocked down and tied up.

They weren't given time to counterattack.

「It got even more suspicious that there's a guard. Let's go in」

I took the three and entered the church.

「Hey, is there someone here!?!」

A person appeared inside when I called out.

「Oh, who are you?」

「I'm Miura Ryuta, you can call me Ryuu. The ones on my back are my companions」

Saying that, she looks surprised.

There's no man in this world that can take a woman as attendant.

「I'll get straight to the point. Is there a gate that connects to the Celestial maiden's sky city here?」

「...Yes there is」

Though her expression became fierce, she answered my question—.

「I can't see them outside but where are the girls?」

「They're safe, I just apprehended them」

「Is that so? Though there's a gate, we can't let you pass if you have no permission from the celestial maiden. Please release them and return」

She refused with a clear and calm tone.

She's got some nerves of steel.

「Whatever you say, we're going to the Sky City. Could you let out the Gate?」

Saying that, I approached the sister.

「Or do you want to be eliminated by our force?」

「Even if you're four, I don't think that those who can't even kill those two and bound them can win. However, I won't confess whatever torture you do」

The sister remains in her firm attitude.

「Then, if the celestial maiden knew that her people was wounded, she'll defeat you without fail. That's why I recommend you to go back before it's too late」

I see, she has the absolute confidence of being the top.

It seems that the celestial maiden is quite trusted.

I'm looking forward to meeting her.

「Oh, defeated without fail...you say?」

「There's no way to escape from the sky city」

「Let me return those words to you」

「Yes?」

The sister frowned her eyebrows as she can't understand—.

「Why do you think we were able to come here? The gate in the ground that's been hidden until now?」

「...That's by coincidence?」

I laughed at the sister who returned unconsciously.

「Hahaha, you don't know anything!」

「What's so funny?」

「I'm ruling all the queens on the ground. What's left is the celestial maiden on the Sky City」

The sister's eyes popped out.

「No way, there's no way the Queens would lose to a man like you」

「I'll show you the evidence. The two behind me are the Former Empress and Former Saintess」

The two of them stepped forward when I mentioned them.

「Is that true!?!」

The majestic appearance of the girls are above ordinary so the sister realized that it's true.

「You get it now right? The Sky City has nowhere to run」

「Is that so? The queens on the surface...」

The sister looked down but looked up immediately 「However, ruling all in the surface doesn't mean that you can win against the Celestial Maiden that's ruling in the sky. The result will be the same」

I thought that she'd be confused from my talk but it seems that she have yet to doubt the victory of her master.

「I respect you for going that far. You really are trusted by your people!」

But, no matter who my opponent is, nothing will change.

「Then, I'll show it to you. The power that ruled the surface」

Saying that, I activated my charm magic like usual.

Now, Sister—. How far can your loyalty go?

I am looking forward to the development.

1. He's talking to the Celestial Maiden I guess.

Episode 8: Sister's fall to pleasure

After the light of magic settled down, the sister had a sleepy eye there.

「Sister, how are you?」

The sister looked at me and her face reddened in reaction.

「My body feels hot. What did you do?」

「It's charm. Still, you're quite strong」

「Ku, such a thing...」

The sister said that while facing the other way but her line is nailed down to me.

She can't take her eyes away. That's the proof that the charm cheat is effective.

「It's useless, the one who accepts my charm does anything I say」

Even the female knights that have their body and spirit forged are hands down.

「But, it seems that your loyalty to the celestial maiden is firm. My power or your loyalty, won't it be interesting to find out which is heavier?」

「What a vile idea...are men in the ground like this?」

I said it interestingly and the sister spits out.

She was speaking politely a while ago, is this her real self?

Well fine, I'll ride that.

「Right, if you do what I say, you will lose to the vile human on the surface. Do your best」

I took the sister's hand and pushed her down on the desk nearby There was no resistance from her that time.

Her body had already fallen for the charm cheat.

It's only the sister's spirit now.

「The three will be on watch and the two will clear up」

They nodded and left.

I can now concentrate on this one.

「Now, would you show me your loyalty?」

I turned over sister's clothes and exposed the lower half of her body.

Then, there's a stain seen in her panties already.

「It's already wet, got pent up?」

「That's not...hiin!」

When I made my finger trace on top of her panties, the sister leaked out a lovely voice—.

She might fall easier than I expected.

「If you have it pent up then I'll release it」

I strengthened the movement of my finger.

「An~ Ahn~! This kind of thing, Celestial Maiden!」

The sister endured while crying out the name of the celestial maiden whom she respected and loved.

But her body is honest.

Her love nectar is already dripping that my finger across the panties are getting wet.

「Don't! This feels too good!」

It seems that she's unable to hold down pleasure.

She trembles every time I move my finger.

「Where is the gate that connects to the sky city?」

「I-I won't say it! I'll never...aaa!」

Her heart has yet to break.

Well, it's boring if she gets defeated easily.

I moved to the next stage then took off sister's underwear Doing so had a long sticky string of love nectar that was absorbed by the panties from

between her thighs.

I can understand how much she feels with this.

It's on the situation where it won't have any resistance during insertion.

「Now, should we put in the finger?」

I inserted my forefinger in her vagina.

The insides are drenched with love nectar that when the finger was put in, love nectar was scrapped off.

「Hii! I-It came inside!」

「That's right. I can feel that sister's pussy wants it, it doesn't release my finger」

It became a vacuum as there's a lot of love nectar, there's quite a lot resistance.

「I'm going to tease you more」

I kept playing sister's pussy with my finger.

I pushed my way through her pussy and stimulated various places.

「N, iii, ahiii!!」

Then, I found the location where she reacts greatly.

I pressed it down and emphasized the caress there this time.

「Fuu, ukuu! D-Don't! I'm about to...!

「Oops, that was dangerous

I pulled out my finger timing sister's climax.

「Haahaa, w-why?」

Sister who was just stopped right before cumming was unable to endure it.

She looks at my eyes, pleading to continue.

「I'll continue if you speak, where's the gate?」

「...! I won't say it!」

「I seem, then you won't be cumming」

I said that, then inserted my finger again.

Then I resume the caress of the location from a while ago.

「Hyaaa, Uu, Uuuuu!!」

And when the sister nearly reached climax, I stopped.

I repeated it several times then sister finally raised her voice at last.

「I-I'll tell it! I'll tell where the gate is so please let me cum!」

It was a matter of time after all.

「Then, if you tell me about the celestial maiden and the sky city, I'm going to put this in」

I pulled out my erect penis in front of sister.

「Ah, aah, something as big as that!」

Since she felt it with just finger, it's obvious what would happen if it was my penis.

「Give it! Please give me your penis! I'll tell you everything!」

There's not a shadow of her strong manner from a while ago.

But, I'm also aroused so it's fine.

「Okay, I'm going to put it inside」

I made my penis meet her drenched vagina and pierced it all at once.

「...Aaaaaaa!!」

Sister's body twitch in climax when I did that single blow.

Her vaginal flesh stimulates the penis via squeezing and I thought that my semen leaked out unintentionally.

「Hii, haa, This penis feels too goood!」

Sister's face is dyed in pleasure.

Violating her while wearing such clothes makes it feel immoral as she's especially a sister.

The pleasure from her betraying the celestial maiden is rising too.

「Now, tell me where the gate is just like you promised」

「Yes...The gate is concealed by magic on the back of the altar」

「That altar? That's quite huge」

Looking at it, there's a big altar in the front.

When you hide it in that, the size of the gate can be approximated.

It seems that it can let the capture unit pass through.

「Now that I know the gate. Tell me about the celestial maiden and the sky city next」

「Ryuu-sama, if I tell you would you be much more intense?」

「...Very well. I'll violate you until you faint」

「! Understood, the sky city is...」

Thus I obtained the information about the inside of sky city.

Was it because I told her that I'd be much more intense? The Sister told a lot of various things I haven't asked.

The capture would be easy because of this, we already have this much information after all.

「I understood the city well」

「Then!」

「Yeah, I'm going to violate you with all my might. Hold on tight so you won't be thrown away」

「Yes! Understood」

Sister coiled her arms on my neck and twined her foot on my waist.

Confirming that the sister is holding me tight, I began to swing my waist.

With all of my power.

It's a piston that's set for the queens, no normal woman can endure it.

The sister came after the third swing.

「Nhiiii, cumcumiiiiinggg!」

She leaked out a sloppy face in climax but her hand embracing me doesn't separate.

「Just as I told you, I'll make you cum until you faint」

I hammer in my waist inside her vagina without any mercy while reaching climax.

「Higii! C-Cumiiing agaiiin!」

Sister reached consecutive climax.

My sexual feeling rise with that tightening.

「Hey, cum more! I won't let you rest」

Before her climax settles, I improved sister's sexual feeling and further improved her climax.

「Hi, haaaaaaaa!?!」

Had she finally lost power? Sister's legs came off.

I hold it and made her womb receive a heavy blow.

「That's so deep!? Don't Don't! Cumiiing!」

Continuing sex that way, my limit is also reaching me.

「Cumming, I'm going to let it out inside」

Sister barely reacted to my words.

「Ejaculate, semen? Please, please give it inside me!」

I'm going to cum inside her just as she desired and began to sped up my waist.

I quickened my movement disregarding the tightening vagina and I reached my limit and climaxed.

The penis rammed into her innermost part and pierced in.

「Hyaaaaaa! Cum, Cumiiiiinggg!!」

I ejaculated too with that as signal.

Then, the semen launched filled her vagina.

「.....」

Sister was unmoving and exhausted.

She fainted.

With this, I was able to do as I declared.

I pulled while having such thoughts then semen dripped from her vagina and clings to my penis.

Looking at it, I wondered what kind of partner would be the last queen, the celestial maiden is.

Episode 9: March to the sky.

Next day, I took the capture unit from the castle and returned to the church.

The knights and the demons are in front of me.

The number is around 800.

I think that it'll be small for a capture of a city but it's better to have high mobility in this surprise attack.

Also, each one of them are the elite.

They won't be a match of a thousand but their potential count twice as a general.

The individual power would be useful to a city area where a sudden combat appears easily.

「We're finally going to capture it. You girls, we will drag the cheeky celestial maiden who looks down from the sky down to the ground!」

The soldiers made a cheer after my words.

I don't want to do speeches because it's troublesome but the charmed women raises moral if I do it.

If their morale goes up, it's possible to fight without flinching even if they're a small army.

I took some info from the sister but we still have to be careful.

「Aisha, you girls are prepared?」

「Yes, we're good. We're all prepared」

The queens are lined behind me.

Those who are non-combatant like Yarina aren't here as expected but all except those are brought here.

Aisha has no strong point in combat but she has to see through everything.

「Okay, we'll do as planned. March!」

Taking my order, the force began to move.

They moved toward the gate concealed in the church and advanced step by step.

Then, we invaded the gate.

After being surrounded by light at the gate, the town spreads when I opened my eyes.

The buildings in the town are made of stone, they look quite strong.

The town can't be imagined to be floating in the sky.

「This is the Sky City?」

It's not cold considering it's in the sky, the wind isn't strong either.

I don't feel the incline.

The entire city might be covered in some barrier and someone might be controlling it.

We are in front of the gate at the edge of the town.

Turning around, the gate we passed through and the gate here are identical.

That gate had the forces appear one after another.

「Who are you people? I didn't hear about the boot-up of the gate today!」

Several soldiers jumped out from a certain building next to the gate.

It seems that they're the soldiers guarding the gate.

It seems that the in and out are managed strictly.

That's why I made the sister invade and betray her allies.

Realizing it, they engaged in the perfect posture.

「Suppress the soldiers!」

Elena Ria and Eunice moved from my words and the soldiers were suppressed in seconds.

After cleaning up, we break in the post and made contact with the ally.

「The warning...isn't ringing」

According to the sister, there will be a warning ringing at the entire city when an emergency comes but there's no sign of it yet.

We succeeded in our surprise attack.

「Okay, we're going to advance just as planned. Separate into groups and advance!」

Leona led the force and sent them to all directions.

A warning resounds in the vicinity after a while.

「The real thing starts here, are you prepared?」

I spoke to Aisha and Olivia that remained.

The other information I had in hand shows that the celestial maiden uses magic.

Then, she can't win one-on-one with Olivia that's the Elf Saintess.

She's the out of standard queen that literally took several people to stop.

Since the celestial maiden is a human, she can't surpass the racial obstacle.

「Leave it to me, Master. If the enemy is alone then I can defeat her easily」

「Thanks, Olivia」

For this situation to turn into a one-on-one, I have to make the others attract the enemy force.

The castle in the city should be out of hands right now.

「Okay, let's go!」

I took the two of them and warped to the castle we're seeing.

Arriving at the castle, there was an uproar.

After the sky city was built, it seems that it was never attacked.

Attacking in surprise the peaceful idiots, the soldiers are surely confused.

「Just as planned, the soldiers seems lacking. We will advance inside」

Most of the soldiers have fallen out already.

We advanced magnificently in the castle.

There were guards who blocked the way but I neutralized them all with charm.

It'll be troublesome to let Olivia fight in her imperfect state.

「You there, where's the celestial maiden?」

「T-The celestial maiden is on the office that's three stairs ahead!」

「I see, well done」

「hawaaa」

The guard I talked to fell down.

Shit, was my charm too powerful to excite them?

Well, it can't be helped. This is my first time large scale battle for me too.

「Oh, are you feeling nervous?」

Aisha talked to me when she saw my state.

「Yeah, it's finally the last queen. It makes me feel nervous somewhat」

「Somewhat, that seems like Ryuu」

「Maybe」

The tension was taken down when we talked, my body felt at ease too.

Meanwhile, we arrived at our destination.

I made the guards in front of the room powerless and then I opened the door in a dignified manner.

Inside was an officer, several women and a lone woman.

Perhaps she's the celestial maiden.

I neutralized the officers who were late to react from the sudden intrusion.

「You're the intruder?」

The celestial maiden says while giving a glance on the absent minded charmed officer.

「That's right, I'm the mastermind」

「Then, die」

Sparks fly the next moment.

I don't know what happened but it seems that Olivia had prevented her attack.

「What an impatient fellow, how about asking his name first?」

「...You, an elf?」

The celestial maiden looked at Olivia who had a cool face after preventing the attack.

「It can't be helped, I'm going to introduce myself. I'm Miura Ryuta」

「I'm Judith, the Celestial Maiden. Either way, it doesn't mean anything」

「What meaning?」

「It's because I'll hang your heads and dry you up. It's just foolish for a person from the ground to invade the Sky City」

Though she's using polite language, her attitude clearly looks down on us.

Since the celestial maiden is in this condition, I feel that the subordinates looks down on the one on the ground too.

「That's the last day you'll be looking down on us. I'm ruling the ground and you'll be the next」

「That's convenient. I'll break you and rule the ground from the sky」

Just how arrogant is she?

She might be the worst among all I've met.

「However, you should be protecting your people from danger as soon as possible. If you run home quietly, your life might last longer you know?」

「I see, you're fine whatever happens to your people don't you?」

The sister admired her so much and her rule in the sky city seems to be splendid but I can't tolerate such a woman to rule the ground.

「Olivia, do it」

「Fufu, I can now show something good in front of my master. I'll make you falter with your words and become a dog!」

She says while invoking her magic, Olivia shoots out her lightning magic at Judith.

「As expected of an elf, it's a league different from a human, but...Haa!」

Judith prevented it by making a magic shield.

「Master, stand back. This will be a long one!」

「Got it, I'll leave it to you」

I took Aisha and moved to the corner of the room.

「I praise you for not running away. But, being in front of me is called recklessness」

「I'm going to turn back those words to you!」

The Queen of the sky versus the Queen of the elves.

The fight started in front of us.

Episode 10: VS Judith

Judith took the initiative on the fight.

「First, let's have a tryout」

She creates a wind around herself then shoot something from there.

It went to Olivia's face on the speed of sound.

「Hmm, slow」

But when Olivia swing her hand to make a shield of magic, the attack was prevented quickly.

Judith's magic can't penetrate through the shield and disappeared.

The shield Olivia made is powerful so the opponent can't distort it.

「This is just a child's play. If you don't get so serious and settle this faster?」

Saying that, Olivia made her counterattack.

Spreading her hands, magic gathered on her palm.

It gradually condensed and turns into electricity.

「It's my turn this time, eat a thunder ball this time!」

Saying that, she threw magic from both of her hands.

The thunder ball left Olivia's hand on an unthinkable speed and approached Judith from both sides.

「Same to you, please don't underestimate me!」

Judith confronted it by spreading wind on both arms and intercepting the thunder ball.

「Ha!」

The thunder ball that rushed 60 degrees from left and right was flicked immediately before it hits.

The thunder ball that missed it's aim hit the wall on back of Judith and made a big hole after an explosion on the wall.

「It's as expected of a queen I guess, being able to shake off my attack. But, that composed expression is only until today」

Olivia used offensive magic continuously.

「I'm the one who masters magic among elves, don't think you can win against me in a magic duel!」

She produced fireballs on her right hand this time and shoot it out.

She's shooting out fireball like a machine gun and Judith responded with a cool expression.

She spread out the wind around herself and evades the fireball one after another.

The wall and ceiling turns worn out but Judith has no scratch at all.

「Is this monotonous attack an elf's magic? It's shocking」

「What about you? You don't seem to be taking on my attacks upfront. Is that your all?」

When Judith provokes her, Olivia counterattacks.

Certainly, she hasn't tried to shield against Olivia's magic, Judith only evades.

Olivia seems to have the advantage in magic output.

However, Judith's skill is quite good for evading those.

She seems to be skilled in wind magic but it really feels transforming freely.

「Then, how about adding one here!」

Olivia makes darts of ice from her left hand and shoot it out.

Simultaneous use of multiple attribute magic.

It's a feat that can't be done by a person that's not good in magic.

「Ku, something this impudent...」

Just thinking when she's going to take it, Judith evaded it by jumping sideways.

She's being assisted with wind magic this time, her speed was unimaginable from her beautiful appearance.

「Please don't think that you always have the chance!」

Judith attacked this time.

Invisible wind arrows attacked Olivia from all directions.

「If I can't see it then I'll just defend from everything」

However, Olivia creates a spherical barrier so that every part of her body is defending from an attack.

Then, she threw a thunder ball to counter attack in that state.

Olivia performing attack and defense at the same time really looks like a fortress.

Looking at it again, the two queens are attacking but Olivia is the closer one.

「There's no way I'd let a person from the surface to defeat me!」

Judith prevents it well.

While moving quickly using wind magic, she constantly attacks Olivia.

Even if it appears that Olivia is putting her full strength in defending and attacking, there's a feeling that her attacks doesn't cut in.

「Letting this go on is no good. Master, would you mind if the castle breaks a little?」

「Yeah, my only target is to obtain the celestial maiden and the treasure. I don't care what happens to the sky city」

I want to rule the sky city but my primary target is the treasure.

I can't make mistakes in priority.

「I'll get serious then. Try not to get hit and die okay?」

When Olivia said that, she took one stick of a tree from her waist.

Then she poured magical power when she grasped it.

「I don't know what you intend to do but I won't let you do as you like」

Seeing the opportunity, Judith changed her wind to attack.

Even with Olivia's barrier, it's possible that she can't endure the attack at point blank range.

「You'll see through such things!」

However, Olivia called her to intercept.

Even if Judith hadn't approached enough, the barrier broke.

「Gu, uuu!」

「Chiii!」

The explosion of the barrier produced shock waves and Judith took it head on and was blown off.

We were also attacked by the explosion as the barrier was in all directions but I and Aisha aren't hurt because we defended immediately.

「Olivia, you intend to drag me into it!?!」

「Sorry about that. But, I thought that Master can defend against it」

Though I'm somewhat angry, Olivia's been able to complete her preparations thanks to that.

The wooden stick that she's been holding until now has become a splendid bow.

It seems to change when mana is poured.

「This is the special feature of elves other than magic. I'll let you taste it with your body!」

When Olivia has assumed a form of notching the bow, an arrow was created from magic.

Then the arrow was shot to Judith that has her posture destroyed when blown off.

「I, I can't be defeated! I will defend the people in the sky city!」

Judith received it with all of her power.

「Haaaaaaaaa!」

Swinging her arm along with the shout, she was able to avert Olivia's arrow at the last moment.

The arrow pierced the ceiling and went through the roof.

The surroundings was destroyed by the impact and the blue sky can be seen from there.

It has a terrific power to destroy the castle's stonework.

「I praise your spirit but this is the end」

But, Olivia has already set up another arrow

Judith who became defenseless after using magic from an impossible posture, is followed by Olivia's arrow.

Judith wasn't able to evade it and hit her chest directly but she didn't die.

「Guu, this is...!?!」

Judith raised a voice of surprise because of the change in her body.

「How's it? You can't use magic right? That arrow is loaded with my magic and that means that you won't be able to use magic temporarily」

「...In short, Judith can't use magic right now?」

Olivia nodded when I asked.

As expected of the queen of elves.

I don't get it as I haven't researched on it but it seems that her skill can interfere with other people's magic.

Well, I didn't ask as it's dangerous to ask women about their age.

At any rate, Judith is now powerless with this.

「Then, it's already our win. Olivia and Aisha will tell others」

「What about Ryu?」

「Me? I'll talk to Judith」

「Got it. But, take care okay?」

Aisha left the room with Olivia after she said that.

Confirming it, I slowly approached Judith.

She doesn't have a wound that stand out but because her clothes are torn in combat, it's quite sexy.

「Now, Judith. Would you let me hear about your treasure first?」

She can't do anything without the support of magic even from the showy combat from a while ago.

It's easy for me to control Judith if she's unarmed.

「Who the hell would tell a lowlife?」

However, she doesn't seem to give up even in this disadvantageous situation.

Judging from her appearance, she's on her latter half of twenties.

She must have a bit of pride as she has ruled the sky until now.

Also, it feels like she's been looking down on the people on the ground.

This is why it's strange for the people of the city to assume that she's a good queen.

She might be overdoing it clearly to protect their daily lives.

When it comes to this, I won't be able to know where the treasure by asking once if she's not fallen.

「It's selfish to speak like that, but I'll take it from you without mercy」

「What do you intend to do? I won't reveal a secret from something half-hearted」

「That sister from yesterday said the same thing but she spoke up after I did some things. Judith, you'll share the same fate」

「What?...I won't let you!」

Judith who realized that I laid my hand on her subject bared hostility.

I hold her head with my hand.

「Now, how far can you endure it?」

I looked at Judith that scowls at me.

Then, I laughed while expecting Judith's foolishness.

*

1. I know what kind of talk it will be.

Episode 11: Judith's forced masturbation

「It's bad to start here so should we take you to your room first?」

I spoke to Judith after casting my charm cheat like usual However, her movements are slow as her spirit resists.

「U...My body is moving selfishly」

However, she began to guide me in the end.

This is quite enjoyable.

Advancing inside the castle, we arrived at Judith's room.

「Then, would you mind if I go in?」

「For a man of the surface to enter my room...Ku!」

Judith's face looks mortified.

However, her body leads me to a chair.

Her body and spirit contradicting is interesting.

「Now then, I'd like to ask you again where's the treasure. I'll end it without exposing your foolishness if you do right now」

「I won't listen to you!」

「Then, that's decided. Let's have you take off your clothes first」

Saying that, Judith put her hand on her clothes.

Her movements are dull because her spirit is resisting but that's good on its own.

Each time a cloth falls, her body is becoming exposed.

Then, she finally took off her underwear and threw it.

「P-Please don't look at me」

「Nope, I won't let you hide it」

Judith's arm stopped at my voice and her whole body is exposed.

I instinctively sighed to the ripe beautiful body.

Her style is also outstanding and I felt that her body is clad in sex appeal of an adult woman.

I want to eat it right now but I'll endure it.

「Then, let's see...why don't Judith masturbate in front of me?」

「M-Mast...There's no way I'd do something unhealthy!」

Judith blushed and refused.

「Oh? I don't expect you to say that though」

「That's...it's not that I don't have sexual desire either」

Right. You have such a charming body so there's no meaning if you have no sexual experience.

「I'm telling you to show it to me. On top of the bed, masturbate while facing me」

When I clearly ordered her, Judith's body moved.

「For such a foolish thing to happen...I can't accept this」

Though she tried to resist, she finally climbed to the bed, faced me and opened her groin.

「Kuuuu!」

Judith's face is dyed in shame.

Her vagina shuts completely, it seems that she's not mature on some parts yet.

Even if her breasts and ass are already ripe, her vagina still needs a bit more I guess.

She looked young only on that place, that unbalance creates lewdness.

「It seems that it's not used yet, so hurry up and show me how you masturbate」

Her hand moved according to my words.

「I don't want this, even though I don't want to...!」

Her hand moved slowly and it finally reached her vagina.

「N, kuu, haa」

Judith stimulates the mouth of her vagina.

However, her movements are slow because her spirit is resisting so the pleasure is just few.

There's no sign of it getting wet from the outside.

「Haahaa, unn!」

It may be little but there's still pleasure, she leaks out her voice from time to time.

However, it'll take long if we continue like this.

「It can't be helped, let me help you」

I stood up and approached the bed, then put my hand on top of Judith's head.

Then, I put my magical power as usual.

「W-what are you trying to do!? My head's getting blank...」

「It's aphrodisiac. Since I'm getting sleepy if you that slowly, I thought of speeding it up」

「You vulgar, this is why men on the surface are!」

「You should shut up with your impudent talk already」

I said that then returned to my seat.

When I looked at her once again, I knew that the movement of her hand is faster than a while ago.

Her vagina is twitching too and she showed a reaction.

「Very well, grope your clitoris too」

「This, pervert...Nhaa!」

Judith's hand has reached for the clitoris that's never been touched.

It's something worthy of seeing. It's arousing.

「That's right, rub it with your finger up and down. Does it feel good?」

Judith moves as I tell her.

Did she understand the places where it's pleasurable? Her movements gradually got intense.

「I-I don't know this sensation! No, I don't want to feel more pleasure than this!」

Judith said that while shaking her head but her hands doesn't stop as I've ordered it.

On the contrary, she's being tainted in pleasure.

She's probably feeling fear of some sort too.

After all, she kept advancing towards a domain she doesn't know.

「Stop, please stop this! No, stop this!」

She raised a sorrowful voice but her vagina has begun to secrete love nectar.

This is going smoothly.

「It's your body, so you should be moving if you have the absolute will」

「That's...I've been thinking of that since a while yet! I can't stop!」

「Then it's because the inside of your head wants to feel pleasure」

Of course it's a lie because I can't understand what's inside a person's head but Judith right now won't be able to perceive that.

「Hey, Judith. Since I'm the only one watching, won't you reach the climax of pleasure?」

「What foolishness are you saying!?!」

「It may be surprising but sexual desire is settled once you climax」

I prepared an escape for Judith on the last minute.

I only have to wait for her to jump into it.

「Now, what would you do? Are you going to take it head on or are you

going to take your stakes and bet?」

「U, uuuuuuuu. I...」

Then, Judith answered.

「Understood. But, if you're going to do it then make sure that you cancel all of my sexual desire」

「That's right, that's good」

I chuckled in my mind. The prey never knew she walked into a trap.

「I can't do it if I can't see properly」

「Such a thing...But...」

Though Judith hesitated, she spread her legs the widest until now and it looked like an M character.

Then, she began to move her finger intensely while she takes that pose.

「Haa, haa, hii, nn!」

She let the finger crawl aggressively on the vagina mouth that she's hesitating to go into so far.

Then finally, one finger went in.

「A, aaah! My insides are hoot!」

Feeling surprised from the first feeling inside her body, Judith raised a lovely voice from the pleasure given by the finger that invaded her.

Furthermore, the finger that went in stimulates her vagina.

「N, haa, I can feel it there...!」

In addition to the finger invading her while masturbating, she began to massage her big chest.

The nipples on top of her big tits seems to have turned erect before it was touched.

「Ah, fuaa! I can feel it in my breast!」

「Oh, then I'll cooperate」

「Eh!? Please wait, if you touch it right now...Hiii!」

I've gotten aroused because I saw Judith's silliness.

I approached instinctively and

「It'll feel quite good, try touching your nipple」

「No, wa, ahn~!」

It seems that she raised a lovely voice just when her chest was caressed with one hand.

It seems that she's close to climax already.

「Don't stop your hand, show me how you cum」

「u, hyaa, hyaiii」

Just as I tell her, Judith increased the fingers inside her to two.

Her vagina has already become loose.

Then, it triggered her limit.

「Uu, coming, it's coming! I'm cumming!」

「Yeah, cum without reserve!」

I stimulated her nipples to the end too.

「Agiiiiiiii! Cumiiiiiiiiiiing!」

Biku, bikubikun, bikun!

Judith's body twitched intensely in climax.

Then, she collapsed just like that.

Her legs widened like a frog as she faints then her defenseless naked body is before me.

「Hiii, haa, haa, haa...」

Judith tries to fix her breathing by taking in deep breaths.

Looking at it, I was thinking of how should I attack her next.

Episode 12: Judith Shakes her waist

「How's it, finally calm?」

I asked Judith who fell on the bed.

「I feel better somehow but you have no right to be worrying about me」

Judith is still blushing from the reverberation in her climax but her eyes had reason dwelling in it again.

It's because her desire is cancelled temporarily.

But, I'm not so kind to end it with this.

「I see, then let's examine if all of your lust is taken away」

When I said that, Judith answered in a firm attitude.

「Whatever kind of order you do, I'll be sure to endure it this time」

「Oh, I'm looking forward to it」

I laughed then lied down the bed.

Seeing that, Judith looked at me with doubtful eyes.

「What do you intend to do? If I step on you would you be pleased?」

「There's no way I'm making that kind of order」

It's different if I have that kind of fetish but I don't.

「But, it may be close to that direction」

Judith looked puzzled.

Well, I'll make you understand soon.

「Judith, get on top of me. Turn your feet there」

「It's useless whatever you say...!? W-Why!?!」

Judith's composed expression collapsed.

It's because her body didn't resist my order.

「Okay, lower down your waist just like that」

「Uu, stop...Stop it!」

Her shout of resistance has no effect either.

Rather, she obeyed my instructions much more smoother than before.

「That's! Why! I thought that my lust would be cancelled once you made me climax?」

Judith glared looking back at me then I answered.

「Right, then your lust must've revived immediately? You must have a lot in piled up, hahahaha!」

「...You lied didn't you, For me to do such foolishness...!」

Judith who looks angry continued.

「Don't get so angry, 」

「Kuu, how cowardly...!」

「However, are you sure about getting angry? If you resist then It'll get even harsher you know?」

She's taken aback by my words.

That moment, I have my next order.

「Judith, you're going to put it in and have sex with me」

「Wha!?!」

Her expression stiffened in surprise but her body moves.

She hold my penis,

「Uuuuu!」

Judith holds her final line of defense in order to exceed it.

However, her waist is gradually lowering.

「I don't want this thing entering me, I definitely don't want it!」

She desperately tries to resist but the glans finally went in.

Judith's vagina feels considerably narrow but it somehow went in thanks to her masturbation a while ago.

「Please, stop this...」

However the penis went inside gradually, making her wish futile.

The woman who looked down on me is straddling by herself and having sex with me.

There's nothing that would feel better than this.

Though the speed is slow and the stimulation is the lowest, I tried to endure putting my hand as it would be spoiled.

If anything, I'd like to have Judith do all of it by herself.

「Uuu, It's impossible already」

Then, Judith who's on the limit of concentration finally cut off her resistance.

That moment, her waist swing down vigorously.

「Igiiiiii!?!」

The penis breaks through something along with her scream, then it reached the womb instantly.

「Judith...were you a virgin?」

Certainly, from her firm character, she'll surely protect her even her chastity.

「U, uuuu」

She's probably enduring her tears from the pain, I heard a muffled vexed voice.

I don't see her expression but it's probably a twisted beautiful face.

「It was just put in but would you swing your waist?」

However, I don't intend to stop even if she cry or yell.

I gave out my next order.

「That's! It just went in!?!」

「Then what? Why do you think I put aphrodisiac in you? Aren't you

already wet?」

Actually, a lot of love nectar is secreted from her vagina a while ago and it became a lubricant.

She won't be damaged awfully even if I move.

「Now, stop grumbling and begin」

「Yaa, my waist are moving on their own...!」

Contrary to Judith's will, her waist began to move vigorously.

「Even though I don't want to feel it!」

The aphrodisiac amplifies the pleasure of Judith so she's raising a voice of pleasure.

She'll reach climax before soon.

「What a good view...」

The ass that's filled with meat moves up and down and nails to my waist.

My penis is naturally stroked and it gave me the best pleasure.

Judith's vagina is unripe just unlike her outward appearance, it's shutting tightly.

The unbalance is making me aroused.

「Ah, Judith's insides feel good. I might ejaculate immediately. Inside, of course」

「Wha, that's no good! I won't let that!」

Saying that purposely, Judith reacted honestly.

She turned around and glared at me but her face turned red due to pleasure.

That's a countdown to climax.

「What about you, you're about to cum right? Since it's rare, why don't we do it together?」

「Who'd...with you...nkuu!」

Judith objects but her waist's movement got faster.

Just the fast movement of her tight vagina makes me reach my limit too.

「Here we go, take my semen!」

「No, I don't want to be creampie'd by such a vulgar maaaaaan!」

My penis reach the limit as Judith screams and semen sprinkled inside her ripe womb.

「H-Hot! No way, did you!? Ah, no good, don't cum in this situation !
Hyuuuuuuuuuuuuuuuuuu!」

She trembles as her vagina got pleased with the semen and climaxed.

Forced to climax, Judith's body bent backward while trembling.

「uu, higu, uuu」

It seems that she really cried.

But, I won't slack yet. I'll surely rule over this woman.

「Don't rest your waist, keep having sex with me as long as you have the stamina」

Judith's eyes opened wide.

「N-No way...Men should've definitely wither after ejaculating?」

「Unfortunately, that common sense doesn't apply to me. Now, it's an endurance sex until you fall」

「Don't moove! I don't want to cum by being ejaculated on!」

But, her body moves contrary to the person's will.

Furthermore, the movements has become smoother.

「Did your body begin to remember sex? Your body is raised to be quite lewd」

「Uuu, auuu, hyuuuu」

Judith has no room to answer my question.

Several hours later.....

I've already ejaculated dozens of time and Judith's enchanted body reaches climax every time.

That's the same for her.

「Haahaa, I'm cumming...I'm cumming again!」

Judith who completely fell to pleasure is already coveting pleasure by herself.

Coming to me aggressively and her vagina reaching the end a lot of times, her place is quite tired.

「How's it, Judith? Mind telling me where's the treasure?」

「I will...I'll tell you. That's why please make me cum...」

「Okay, this will be the last」

I pushed my waist and piston for the first time there.

「Higuuuuu! My womb's being lifted!」

「Cumming!」

「Cum, cumcumcumcumcummmiiiiinnnnng!」

The semen was launched from the penis and filled the womb.

However, the womb can't be filled anymore so most of it has already leaked out.

「Fu, fuuu, aaaaa...」

Judith who lost power leaned to me.

I caught her and look forward to the treasure of the sky city.

Episode 13: The fall of Sky City

「This is the celestial maiden's treasure」

I who made the Celestial Maiden; Judith, fall, waited for her strength to come back so she can lead me to the treasure.

We came to the underground of the castle, the exact center of the sky city.

Then, I entered the room that's defended severely.

What's waiting there is a beautiful gem that's unthinkable of this world.

That gem isn't fixed on the pedestal, nor it does fall.

Looking at it, it seems that it's slightly floating from the pedestal.

「The name of that gem is Sky gem. It has the power to let the sky city float」

「It's the first time I saw it but I'm surprised at the power this stone has...」

Olivia is on my side.

She came to report when the town was under control.

The military unit is a feint but it seems that they have higher gains than expected.

According to Olivia, when the force knew report of me capturing Judith, the information reached the other side.

As a result, the morale of the City soldiers decreased.

It's unbelievable but, the reliability rose because they saw the roof of the castle blown off from the combat with Olivia.

Our force used that to rush and the other side finally had surrendered.

There are some soldiers who desperately resisted but I heard that the queens suppressed them one-sidedly.

They seem to have recovered from the surprise attack and made a

counter offensive but in the end, it was our complete victory.

Their force can form a small alley all at once but our force exceeds them in the quality it seems.

It's a miracle that there's no casualties, the treatment of the injured has began too.

The residents of the city are listening without any resistance too.

Judith's existence is that great. All of them collapsed with just one disappearing.

Returning to the talk, here's the sky gem.

The gem somewhat shines blue is really compact that it can be held in one hand.

Yet, it has the power to make a city float.

As expected of a treasure.

「It doesn't just fly. It also defending the city from the trouble such as wind, rain and clouds」

Then, this really becomes a treasure that makes the sky city.

As a man, I want to use it to fly here and there but I'll leave it put for now.

「Now then, I'll take this treasure but...n?」

Just when I was thinking of what will happen to the sky city if the treasure disappears, the sky stone had a change.

It was shining blue but the light weakens steadily.

「What, what on bread is...」

「My goodness!」

Judith dashed from my back and examined the sky stone.

The next moment, the floor dropped.

We lost our balance yet, Judith is still clinging on the sky stone.

「Judith, what's happening? Explain」

Speaking strongly, Judith finally looked back.

「The sky gem begins to lose its power」

「What?」

「That's bad...」

The sky gem is a part that can be called the heart of the city.

When it disappears, this would fall to the ground.

Of course, there's no possibility of surviving from the impact.

「Can't you fix it?」

「...That's, it's not accepting my control?」

「It's running out of control?...」

「I've been adjusting the height and course so far but I can't do it now!」

「You know the cause? Have something in mind?」

Judith shook her head.

Olivia's treasure can seal off the other treasures but that only stops the movement momentarily.

This shouldn't be losing power gradually this way.

「Anyway, all will die if this continues. Olivia, can you lead the evacuation of the residents? I don't have a problem since I have warp」

「Leave it to me, I'll definitely protect your honor and not let anyone get injured」

When Olivia says that, she went out the basement immediately.

「The power of the treasure hadn't stopped completely?」

Asking Judith, she nodded this time.

「It'll fall right down below if it's zero. It's inclining to some extent but we're losing altitude slowly」

「But, it can't be called a soft-landing」

「Yes, if this continues to lose power as it is, it'll crash on the ground」

We should begin to countdown the deaths, Judith calmly explains.

However, she's panicking inside.

After all, this is a life or death situation.

「The gate can be used to shelter but it'll still take time」

Could it be that they're using it for the drill if ever this falls?

It would take several hours for the citizens to pass lightly.

「If you don't escape soon, the people on the ground. Ku, why is this...」

Her calmness is gradually collapsing.

I detained her as she try to leave the room.

「Wait, you will be with me till the last moment」

Judith's eyes opened wide.

「Ryuu, are you telling me to die!?!」

「I'm not telling you that, the sky stone's power might really go zero if the celestial maiden leaves this city」

「That's...please don't joke around!」

Judith who's been obedient so far is now resisting.

Though she tries to shake me off, she's still a woman who had received an effect of Olivia's arrow.

She won't match me in muscular power.

「What, you're defying me? It seems that I've failed to educate you」

This is purely my mistake.

I seem to have been mistaken in Judith's willpower.

「Then, that's convenient. I'll give you a much more effective training than a while ago」

I embraced the hateful Judith and pressed her against the wall.

Then I began to grope her body.

「What are you doing at this time! Please stop it!」

I ignored Judith's voice and continued the act.

First, I massaged her big breasts on top of her clothes.

The magnificently ripe breasts, is a beautiful breast that has a balance of feel and appearance.

Then I turn to her back and gripped it with both hands.

「As expected, it's better to satisfy it with all my heart using both hands」

I moved my hand as I like and tasted the sensation.

The breast's shape changes easily just putting a bit of power, it's like a water balloon with thin film.

However, her nipples are erect even she's saying stop.

「What's wrong? Your body stopped resisting and has become obedient」

「That's, you're forcefully! Ah, not that place!」

Judith complains but she raised a lovely voice the next moment.

「Hii, nhiii! Don't focus on my nipples!」

When I flicked it with both hands as a test, she reacted interestingly.

As expected, her heart is resisting but her body has completely fallen already.

Then, my aim is Judith's inside.

Having an act as the sky city falls feels like a life crisis and it feels instinctively necessary. 1

Then, I'll slip inside her spirit and make her surrender.

She won't resist for the second time.

「Now, it's a race on who will fall first within Judith and the city. Allow me to enjoy myself」

Thus, the game in the crisis has begun.

1. この、落ちていく天空都市の中での行為なら命の危機を感じて必然的に本能的になるはずだ。

Episode 14: The fallen Celestial maiden

Before we began our genuine act, I placed my hand on Judith's head.

「D-Do you intend to use aphrodisiac again!?!」

She screamed.

However, that's wrong.

「It's the opposite. Right now, I just cut the compulsion magic for you」

In short, I released the effect of my charm cheat.

「Why are you doing that?」

Did she feel that she's about to be thrown away? Judith asked in doubt.

「It's to completely capture you. You'll make an excuse that you were forced later on after all」

That's right, I have to make Judith fall for me completely.

For that reason, I have to make her surrender only with my technique.

「Since the heat from the act earlier has cooled down, I have to reset it」

Well, since her body is quite lewd so only the heart is needed to be captured.

「Stop saying such foolish things, the city's falling right now!?!」

Judith's quite desperate.

She's acting violently to escape from my arm but I hold her down with my muscular strength.

And, I placed my hand on the wall.

I'd be able to react immediately if she tries to move.

「...Ku」

Has she realized that I'm in total control? She finally stopped moving.

But, she's likely to move once she find an opening.

Enough caution is necessary.

「Okay, let's begin. I played with your breast already, so the next one would be this」

I moved my hand below and touched Judith's crotch.

Then she reacted.

「A nice reaction, could you continue feeling it like that?」

「D-Do as you like. But, I will never be ruled by a human like you」

「Oh, even though your nipples got hard from the massage a while ago? I already cut my aphrodisiac from that time though」

Saying that, Judith turns ahead.

I smile as Judith's gradually getting cornered.

And then, I took off her clothes.

Continuing, I slip my hand between her thighs.

「Yup, it's already wet. Or is it my semen dripping out?」

Well, it's good that there's no hindrance in insertion.

I immediately took out my penis and applied it in her vagina.

「Then, I'm going in」

I pushed my waist at the same time I say it.

「...Nn, fuu, haa」

When my penis entered her vagina, Judith leaks out a voice at the same time.

It seems that she's enduring it for the moment but it seems that the amount she can't handle has gone out.

I was prepared for the worst no-reaction sex from violating Judith but it seems that I'll be able to have fun as there's some reaction.

I gripped Judith's waist and pushed in deep immediately.

「Ngi! Guu...」

When my penis reached the depths, her vaginal meat welcomes me

immediately.

It's moving as a whole to stimulate and squeeze the penis.

She's so lewd that it's unthinkable that she was a virgin just a while ago.

Getting aroused by that, I began to move my waist immediately.

Firmly holding Judith's waist, my piston has reached deep every time.

Every time the glans hit the uterus, I see her reacting from her vagina.

「Haahaaa, please finish it up soon. We still have to run away from here」

It seems that Judith wants to make me ejaculate quickly and run away.

「What about you? You can't leave if your legs can't stand, right?」

「...!」

I have no problems as I have warp but Judith has no magic which she can use to run away.

She has no choice but to die if I left her to escape.

「Just how unfair are you? Are you not ashamed?」

「I don't want to be told by you as your womb is leaking out my semen」

That's right, my semen saved by her womb leaks out from the impact of the piston hitting her uterus.

A puddle of love nectar and sperm is already made on the floor.

「Since you still have a room to curse, I'll get even more violent」

Saying that, I raised the speed of the piston.

The banging sound made by the bodies hitting each other has become a lewd wet sound.

And I increased the speed of the piston while hearing Judith's leaking voice.

Her vagina reacts when I attack it violently, and it raises my pleasure too.

「Ku, this is bad. I'm cumming」

Judith's vagina is better than expected that I reached my limit earlier.

「Ahn, ahn, T-Then why don't you release it immediately? Also, why don't you just release all the semen you have?」

「Oh, it's unexpected for Judith to want a creampie」

「Who asked for a creampie...! No, fine. It's important that you let it all out inside 」

「Then, I won't hold back and let it out!」

I didn't restrain the rising sexual feeling and I released my desire inside Judith.

Byubyurururuu!

I ejaculate as my penis press against her depths and I massage her chest to obtain the bliss.

I prioritized my own pleasure than than making Judith fall that moment.

I enjoyed the small reverberations and swing my waist violently again.

「Uga! You just came, and yet!」

「It's your turn to cum this time, Judith. I'll cherish you so much that you won't forget this current situation」

Saying that, I began to move my waist violently again.

Her hot vagina that has accepted the ejaculation had made it easier for my penis to move than a while ago.

It being a good thing, I stir Judith's vagina absurdly.

「Iii, u...nn!」

Judith leaks out a lovely voice as she can't endure it anymore.

「It feels unbearably pleasant right? Just leave your body to the pleasure, don't endure it」

「N-No way! I am...Aku!」

「Look, you're at your limit already. It'll be easier if you just become obedient」

「I-I am the celestial maiden ruling the sky! N, ahi!」

I strengthened my offense as I thought it only needs another push.

Gripping Judith's waist again, I nailed my penis continuously aiming for her womb.

I tortured Judith with a strength that's like a battering ram to break a castle gate.

With my severe torture, her womb which has the elasticity to push back my penis has become loose already.

「Don't attack only the deep parts! I won't be able to endure it anymore!」

「That's right, just accept the pleasure. Submit yourself to me!」

Every time I pierce deep, her womb gets loose.

Finally, the glans sinks in.

「N-No more, this feels too goooooood! There's no way to endure th... nhyaaaaa!」

The pleasure reached the maximum tolerable amount? Judith's lovely voice is like a broken dam.

「Penis, penis feels good! Please stir up my pussy more!」

She's been enduring until now, but she's shouting vulgar words that's unimaginable from her appearance.

I instinctively smiled from that appearance.

「That's right, I'm ruling all the queens. And, the last one will be the goddess...!」

That's right, the goddess is the only remaining if I rule Judith.

The goddess is finally within my reach but I have to make Judith surrender completely for now.

So she won't resist ever again.

「I'll make you cum. So swear your loyalty to me!」

「Y-Yesh!~ Cumming, I'm already cumming!」

Judith's vagina is astir.

I felt it before, it's the sign of her climax.

Then, I'll going to plow her with the momentum just like that.

I swing my waist with a piston that never lost its momentum.

「Ihiiiiiii! Cumming, cum, agiiiiiiiiiiii!?!」

Judith's vagina shut tightly when she climaxed.

Though I'm receiving such a strong stimulation, I'm still swinging my waist.

「Damedamedamedameee! I'm dying, I'm dyiiing! I'm dying from cumming!」

「Either way, you're going to die right? then isn't it better to die from cumming?」

Paying attention to the surroundings, there's a sound of something collapsing as well a vibration heard.

The power of the treasure has become weak and it doesn't have the power to let the city float anymore.

And, As the city keeps falling, it began to break down at the same time.

「I-I don't want to die! But the pleasure doesn't stop!」

Judith noticed as she screamed but she doesn't separate her pussy from my penis.

「I'm about to cum too. Judith, let's cum together!」

The vagina forcibly tighten as the result of the piston of the penis and I was in the state of near climax again.

I can't run away after coming here.

In the end, I stab my penis on the deepest part and glued it to her womb.

And then, I stir my waist and stimulated her.

「Iiiiiiiii! Cumcum, I'm dying from cummiiiiing!!」

Bikun! Bikun!

She's acting violently like a fish out of water.

I ejaculate as I hold her down.

Semen is poured inside her womb.

「Hi, ha, ooo...」

Judith's expression has no hint of intellect as she climax.

I felt satisfied on her completely fallen expression.

However, the sound of breaking down has approached nearby at the same time.

「That was dangerous, I don't have the intention to die, and I also don't intend to let the queen die」

I carry Judith and secured the sky gem treasure.

At the same moment, the collapse progressed quickly.

「Sky city? That's a shame」

I warp as I say that and the city has completely collapsed and fallen to the ground.

Episode 15: Return and fresh start.

Finally warping, I came near the church that connects to the sky city.

I confirmed that Judith and I aren't injured and I have the treasure, I take a breath.

As expected, humans won't feel peace of mind unless they put their feet on the ground.

「However, that was a close call...」

I think I did a stupid think when I looked back, but I thought that it was the best time to make Judith fall so it can't be helped.

Actually, we returned back safely.

「Ryuu! You're safe!」

Going in front of the church, I noticed Aisha running to me.

「Olivia said that you remained so I worried you know?」

Looking at her face, some parts of her eyes are red.

This is awkward.

I like to make them purr but I don't like them crying.

I don't know how should I respond to this.

「Yeah, sorry. I made you worry」

「Do you really get it? Do you know our feeling as we watch the sky city collapse using Eunice's treasure!?!」

「Y-yeah...」

Aisha's unusually emotional.

Though I feel deeply sorry a while ago but the feelings of worry are indescribable.

「It's not just me, be ready to be scolded by the others too」

「G-Got it.」

In the end, Aisha pushed the restart of the talk.

I returned to the church by following her.

Opening the big door, the Queens are waiting there.

All of them have reddened eyes.

「I've done it...」

I muttered instinctively and Eunice pounced at me immediately.

「What 『I've done it』!? You really have done it!」

Elena ria nods in agreement.

「That's right. If my king died, I thought of nothing but following you」

Shizuku's next.

There's still some tears floating in her eyes.

「Higu, fugu, I really worried about you...」

Then Olivia also attacked while comforting her.

「There there, wipe your face with this. Seriously, aren't you too rash?」

Receiving criticism from all of them, my mind still endured it.

「Sorry about that. I won't be rash anymore, I promise」

The atmosphere finally softened from my words.

「Rather than that, can somebody look after Judith, I'm already tired」

「Then, I'll do it. Eunice, could you call Seria?」

「Hai hai! Roger」

Elena Ria receives Judith from me and Eunice went to the interior of the church.

「Olivia and Shizuku, could you prepare some food... I'm hungry」

「Then, I'll personally make a dish」

「Can the Queen make a dish?」

Since she has used that strong magic, I thought of letting others do it.

「I've got various from my long life...Ohon! Anyway, leave it to me」

「I can make something easy too」

If she say that then I'll leave it to her then.

「Then, please」

I ask Aisha as I see the two of them off.

「How's the residents and the force of the sky city? Were they able to run away?」

「Everyone was able to run to safety. There are some residents who hesitated but they were forced because we can't let them die」

「There's no one who can endure that」

They probably don't want to throw away the place they live from.

All the more for the people in the sky city.

That said, we can't just abandon them.

「Then, where did those fellow escape?」

「They're kept on the nearby town temporarily. The numbers too big after all so it's impossible here」

「Then we have to think about them too」

Even though the residents of the sky city despise the ground, we stole their sole residence so we have to guarantee their residence at least.

Also, it would be smooth somehow if we place Judith as an intermediate.

I feel bad but but it's necessary.

If I don't, the world would face extinction.

「But, we've finally gathered the treasures with this」

「Right, we can finally open the road to the goddess with this」

Aisha hangs her head as she broods on something.

It's originally a proposal given by her after all.

With our aim just one step away, she must have something to think

about.

「Well, let's take a break before that. Let's take a rest at night and then we'll beat down the goddess after that」

「...Yes, right. Ryu must restore his energy」

I was taken by Aisha towards the interior of the church just like that.

Next day, I'm accompanied by the queens and we gathered at the chapel of the church.

The gate connecting to the sky city is in front of us but since the other side collapsed, it has become silent.

There's nothing to say with the appearance but just a huge arc.

Aisha stands in front of it and we're lined up behind.

Judith recovered overnight just like me and she joined us.

「The road to the goddess can only be opened with the treasures as the catalyst. Can everyone take it out?」

Each of them takes out their treasure from Aisha's words.

Looking at it again, all of it wears a divine atmosphere.

Aisha receives it and arranged it on the table.

「We have a gate just right so we can connect the gate to the heaven with this」

Saying that, Aisha breathed deeply in front of the gate.

「Then, let's begin」

Then she began to recite a chant in front of the five treasures.

「———、——。———、——！」

However, the chant is strange.

I know that she's saying something but I can hardly hear it.

It's quite an unknown foreign language that the only thing that resembles is the pronunciation.

But, I think I can't possibly mimic Aisha.

It's as if I'm hearing an alien conversation.

Her chant finished for about one minute and the treasures began to shine at the same time.

Then, the lights from the treasure turned to particles and went towards the gate.

The gathered particles rotate like a whirlpool and it kept growing until the treasures were out of particles.

The treasure who finished its role turned to its original look.

However, there's no divinity felt there which existed before.

On the contrary, the whirlpool of particles that received the power of the treasures has expanded until it became a gate.

「———ツ——!!」

When Aisha recited something at the end, the rotation of the whirlpool stops.

And then the particles connected and a light appeared on the other side of the gate.

「Haa, haa...this is the gate that connects to heaven」

「Aisha, you okay?」

「Yes, this isn't much. Rather than that, let's enter already」

「Got it...come with me everyone」

I took the lead and went inside the gate.

The final battle with the Goddess is finally going to start.

Determining to defeat her whatever kind of fellow she is, I set foot on heaven.
